WYBOT

**Stronger Suction,
Higher Efficiency**

INTELLIGENT CORDLESS POOL CLEANERS

POWER

Thanks to its compact size, powerful suction and optimised autonomy, the Wybot S2 robot cleans all areas of the pool with agility and efficiency.

AUTONOMY

Ideal for all types of pools, offering up to 3 hours of continuous autonomy. Guarantee uninterrupted, efficient pool cleaning, while a rapid 3hr recharge minimises waiting time, allowing you to spend more enjoyable pool time.

CLEANING MODES

Simplify the cleaning of your pool with the WYBOT S2 pool cleaner, guaranteeing crystal-clear water effortlessly thanks to its 3-hour autonomy.
